REVISITING INDIC HERITAGE

AN EXPERIENTIAL WORKSHOP

01-08-2023 - 05-08-2023

INTRODUCTION

परिचयः

Indic Knowledge is a vast and diverse cultural and intellectual heritage that is rooted in the Indian subcontinent. It encompasses a wide range of disciplines, including philosophy, literature, arts, music, dance, and spirituality. Not only these disciplines but there is also mention of 64 Kalās' in the Indic Heritage, which is nothing but a life skill that has helped every individual of the society to survive. Amid the 21st century, revisiting these Kalās' and Indic knowledge through all the possible resources is a necessity. Several seminars and workshops are organized these days to spread awareness about Indic heritage and Indic Knowledge Systems. Along with the dialogues and seminars, effective ways to cultivate and understand the heritage, first-hand experience plays a vital role. The workshop will provide a space for the participants to engage in dialogue, discussions, and experiential activities that will enable them to deepen their understanding of Indic Heritage. NEP 2020 focuses more on the skill development of the students, keeping that in mind this workshop also focuses on acquainting traditional skills with relevant applications to the participants.

OBJECTIVES METHODOLOGY

Objectives

The workshop aims to:

- Revisit the lesser-known aspects of Indic heritage through a hands-on approach.
- Understand the importance of preserving and promoting Indic heritage.
- Encourage participants to imbibe and incorporate Indic traditions into their daily lives.

Methodology

The workshop will follow an experiential learning approach that will enable the participants to engage in dialogue, discussions, and experiential activities. The methodology will include lectures, group discussions, reflective practices, experiential activities, and site visits. The participants will also interact with experts in the field of Indic Heritage.

MODULES

पाठ्यांशः

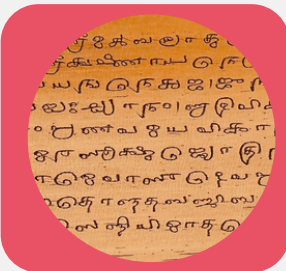

Learning through Artefacts

Participants will engage in a guided tour of artifacts related to various aspects of Indic heritage, such as pottery. The art form knowledge is passed on from generations in the family, and the session will help participants understand traditional craftsmanship with the touch of an artistic approach. They will get an opportunity to touch, feel and explore the objects and, in the process, learn about their cultural significance.

Identifying Medicinal Herbs

participants will take a nature walk to identify various ayurvedic herbs useful for our health. This will enhance participants' knowledge about herbs, their benefits, the way of collection, etc., which will build respect for nature.

Ancient Indian Script

India has excellent ancient scripts. Learning an old Indian script can be a rewarding experience and a great way to connect with India's rich cultural heritage. Enabling the participants to read and write the primary characters of a script will ensure the widening of their scope of study concerning the manuscripts.
